Written Agreements with Directors and Senior Executives

- 1.9 The Company shall enter into a written service contract with each of its executive directors and senior executives which sets out at a minimum a description of their:

- 1.9.1 position;

- 1.11 The Board has adopted a policy on achieving gender, age and ethnic diversity in the Company's Board and employees as set out in the Company's Diversity Policy.

The Chief Executive Officer and the Company Secretary are responsible for ensuring the policy is brought to the attention of all affected persons and for monitoring compliance with the policy.

Gender Diversity

- 1.12 The Board is reviewing its practices with a focus on ensuring the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant. It has not established measureable objectives at this stage, the Company currently has 5 employees outside of the Board.

Women Employees, Executives and Board Members

The Company and its consolidated entities have 1 female and 4 male employees and contractors. Management and technical services are provided to the Company pursuant to a service agreement. There are currently no female members of the Board of the Company. The Group is not a "relevant employer" under the Workplace Gender Equality Act, because the Group had less than 80 employees in Australia for more than 6 months of the year ending 30 June 2018.

Performance Evaluation

- 1.13 The Chairperson shall review the performance of each Director and each Board committee at least once every calendar year and the Chief Executive Officer shall review the performance of executive management at least once every calendar year with reference to the terms of their employment contract.

The performance review has been undertaken for the current financial year.

The Chief Executive Officer is engaged pursuant to a management and technical services agreement with a third party/associated entity.

Principle 2 - Structure the Board to add value

Composition of the Board

- 1.14 The Board should be of a size and composition that is conducive to making appropriate decisions. The Board should be large enough to incorporate a variety of perspectives and skills, and to represent the best interests of the Company as a whole rather than of individual security holders or interest groups. It should not, however, be so large that effective decision-making is hindered. The current Memorandum and Articles of Association of the Company restricts the number of directors to 12 in the absence of shareholder approval.

- 1.15 The Board has conducted an informal review of its composition, the broad skill sets currently on the Company's Board include technical, financial, legal, managerial, corporate, and commercial.

At this stage of the Groups development the Board believes that there is an appropriate mix of skills, experience, expertise and diversity on the Board. In the coming years as the Group assesses development options additional expertise may be required and at that time further consideration will be given to ensuring the Board has an appropriate mix of skills and diversity.

Procedure for selection of new directors

- 1.16 The Company believes it is not of a size to justify having a Nomination Committee. If any vacancies arise on the Board, all directors are involved in the search and recruitment of a replacement. The Board believes corporate performance is enhanced when the Board has an appropriate mix of skills, experience, expertise and diversity.

Independent Directors

- 1.17 The Company will regularly review whether each non-executive director is independent and each non-executive director should provide to the Board all information that may be relevant to this assessment.

The Company discloses the following information:

- 1.17.1 although each of the directors on the Board are non-executive, only one Mr Chew Wai Chuen is considered to be independent. Mr Gary Lyons, Mr Tan Sri Dato Tien Seng Law, Mr Teck Siong Wong and Mr Jimmy Lee are Directors of the Company's largest shareholder GWR Group Limited and therefore are not considered to be independent;
- 1.17.2 if a director has an interest, position, association or relationship of the type that might cause doubts about the independence of the director but the Board is of the opinion that it does not compromise the independence of the

director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and

1.17.3 the length of service of each director is set out in the Directors Report in the Company's Annual Report.

1.18 The Company will endeavour to ensure that the majority of its directors are independent at all times, subject to the right of security holders in general meeting to elect and remove directors.

Independent decision- making

1.19 All directors – whether independent or not - should bring an independent judgement to bear on Board decisions. Directors are encouraged to confer regularly without management present. Their discussions are to be facilitated by the Chairperson. Non-executive directors should inform the Chairperson before accepting any new appointments as directors.

Independent advice

1.20 To facilitate independent decision making, the Board and any committees it convenes from time to time may seek advice from independent experts whenever it is considered appropriate. With the consent of the Chairperson, individual directors may seek independent professional advice, at the expense of the Company, on any matter connected with the discharge of their responsibilities.

Chairperson

1.21 The Company has a non-executive Chairperson, however that person is not an independent director. The roles of Chairperson and Chief Executive Officer are separate.

Induction and education

1.22 The Company does not have a formal induction process, however, new Directors appointed to the Board are provided with written material incorporating Financial, Corporate and Operating information in relation to the Company. In addition they are provided with a detailed appointment letter outlining the Company's expectations and setting out the requirements of the role as well identifying director interests and potential conflicts.

1.23 Directors have reasonable access to continuing education to update and enhance their skills and knowledge, including education concerning key developments in the Company and the relevant industry sector.

Access to information

1.24 The Board has the right to obtain all information from within the Company which it needs to effectively discharge its responsibilities.

1.25 The Chief Executive Officer is required on request from the Board to supply the Board with information in a form and timeframe, and of a quality that enables the Board to discharge its duties effectively. Directors are entitled to request additional information where they consider such information necessary to make informed decisions. Directors are entitled to meet with executives as required to fulfil their executive roles, or in the case of non-executive Directors provided prior notice is given to the Chairperson or the Chief Executive Officer.

Principle 3: Act ethically and responsibly

Code of conduct

- 1.26 The Board has adopted a Code of Conduct to promote ethical and responsible decision making by directors, management and employees. The Code embraces the values of honesty, integrity, enterprise, excellence, accountability, justice, independence and equality of stakeholder opportunity.
- 1.27 The Chief Executive Officer is responsible for ensuring that training on the Code of Conduct is provided to staff and officers of the Company.

Securities Dealings

- 1.29 There is no requirement for Directors to hold Company securities.
Securities Trading Policy
- 1.30 The Board is committed to ensuring that all Directors and employees comply with their legal obligations as well as conducting their business in a transparent and ethical manner. All Directors and employees (including their immediate family or any entity for which they control investment decisions), must ensure that any trading in securities issued by the Company is undertaken within the framework set out in the Securities Trading Policy.
- 1.31 The Securities Trading Policy does not prevent Directors or employees (including their immediate family or any entity for which they control investment decisions) from participating in any share plan or share offers established or made by the Company. However, Directors or employees are prevented from trading in the securities once acquired if the individual is in possession of price sensitive information not generally available to all security holders.
- 1.32 Additional restrictions are placed on trading by Directors, Executives and other key management personnel, as determined by the Chairman and Company Secretary from time to time ('Restricted Employees'). The Company has nominated certain periods which are trading windows during which time Restricted Employees can trade. Restricted Employees must also obtain written consent from the Chairman or Managing Director prior to trading in the Company's securities.
- 1.33 The Securities Trading Policy also includes a clause prohibiting Directors and Executives from entering into transactions in associated products which operate to limit the economic risk of security holdings in the Company over unvested entitlements.

Principle 4: Safeguard integrity in corporate reporting

Audit and Risk Management Committee

- 1.34 The Board has adopted an Audit and Risk Management Committee Charter. However the Board has not formed a separate Audit and Risk Management Committee and the full Board acts in this capacity.
- 1.35 The Audit and Risk Management Committee's Charter provides that it should:
 - 1.35.1 review the integrity of the Company's financial reporting;

- 1.35.2 identify and manage risks including business, economic, environmental and social sustainability risks;
- 1.35.3 review the Company's risk management framework; and
- 1.35.4 oversee the independence and competence of the external auditors.

Verification of financial reports

- 1.36 The Chief Executive Officer and person filling the role of Chief Financial Officer (or equivalent) are required to state the following in writing prior to the Board approving the Company's financial statements for a financial period:
 - 1.36.1 that in their opinion the Company's financial reports have been properly maintained and contain a true and fair view, in all material respects, of the financial condition and operating performance of the Company and comply with relevant accounting standards; and
 - 1.36.2 that the opinion is founded on a sound system of risk management and that the system is operating effectively in all material respects in relation to financial reporting risks.

External auditor available at AGM

- 1.37 The Company shall ensure that its auditor attends its AGM and is available to answer questions from security holders relevant to the audit.

Principle 5: Make timely and balanced disclosure

Disclosure Policy

- 1.38 The Board has adopted a Disclosure Policy for ensuring timely and accurate disclosure of price-sensitive information to security holders through the ASX.
- 1.39 The Disclosure Policy ensures that:
 - 1.39.1 all investors have equal and timely access to material information concerning the Company including its financial position, performance, ownership and governance; and
 - 1.39.2 Company announcements are subjected to a vetting and authorisation process designed to ensure they:
 - (a) are released in a timely manner;
 - (b) are factual and balanced;
 - (c) do not omit material information; and
 - (d) are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.

Principle 6: Respect the rights of security holders

Communication with Security holders

- 1.40 The Board is committed to open and accessible communication with holders of the Company's shares. Disclosure of information and other communication will be made as appropriate by mail or email. Security holders shall be given the option to receive communication from, and send communications to, the Board and its security registry electronically.

Establishment and Review of Policies

- 1.45 The Board as a whole is ultimately responsible for establishing and reviewing the Company's policies on risk profile, oversight and management and satisfying itself that management has developed and implemented a sound system of risk management and internal control.
- 1.46 The Board believes it is not of a size to justify having an internal audit function for efficiency purposes.
- 1.47 Risk management policies and procedures shall be adopted to identify, assess and minimise material risks affecting the Company including the following categories:
- 1.47.1 operational;
 - 1.47.2 environmental;
 - 1.47.3 sustainability;

- 1.47.4 compliance;
 - 1.47.5 strategic;
 - 1.47.6 ethical conduct;
 - 1.47.7 reputation or brand;
 - 1.47.8 technological;
 - 1.47.9 human capital;
 - 1.47.10 financial reporting; and
 - 1.47.11 market-related risks.
- 1.48 The risk management policies and procedures ensure that where the Company has a material exposure to economic, environmental and social sustainability risks it has a policy to manage those risks.

Management Responsibility

- 1.49 The Company's risk management program will be implemented by senior management under the direction of the Chief Executive Officer as follows:
- 1.49.1 ensuring that matters affecting the goals, objectives and performance of the Company and the safety of its stakeholders are identified and assessed by an operational risk management framework in accordance with industry accepted standards;
 - 1.49.2 obtaining and regularly reviewing insurance for the Company relevant to managing material risks;
 - 1.49.3 implementing and maintaining internal control systems which will be identified in conjunction with the external auditors;
 - 1.49.4 monitoring and verifying the Company's compliance with record keeping and operating requirements, including all requirements of law including indigenous and community rights and environmental obligations; and

Economic, Environmental and Social Sustainability Risks

- 1.52 The Company is focused on the discovery and exploitation of mineral deposits and operates in diverse physical environments primarily in Australia. As a result there is some potential for material exposure to economic, environmental and social sustainability risks.
- 1.53 The Company is very aware of the potential for risk in this area and is committed to ensuring that sound environmental management and safety practices are carried out in its exploration activities. The Company's activities are conducted in a manner that minimises our environmental "footprint" as much as possible, and are conducted strictly in accordance with all necessary permits and approvals from regulators.

- 1.54 The Company's underlying goals relating to environmental sustainability are to minimise any adverse impacts upon the environment resulting from the Company's activities.

Review by the Board

- 1.55 The Board must review the effectiveness of implementation of the risk management system at least annually.

 - 1.62.2 the level of a non-executive director's fixed remuneration should reflect the time commitment and responsibilities of the role;
 - 1.62.3 non-executive directors should not generally receive performance based remuneration as it may lead to bias in their decision making, and compromise their objective;
 - 1.62.4 non-executive directors are able to participate in schemes designed for the remuneration of executives (such as Performance Rights) if the Board believe that the participation is in the interests of security holders; and

- 1.62.5 non-executive directors should not be provided with retirement benefits other than superannuation.
