# Directors' Report

Your directors submit their report for Tungsten Mining NL ('the Company' or 'the Parent') and for the Group, being the Company and its controlled entities, for the half year ended 31 December 2019.

## Directors

The names of the Company's Directors in office during the half-year and until the date of this report are set out below. Directors were in office for the entire period unless otherwise stated.

Gary Lyons	Non-executive Chairman
Tan Sri Dato' Tien Seng Law	Non-executive Deputy Chairman
Kong Leng (Jimmy) Lee	Non-executive Director
Chew Wai Chuen	Non-executive Director
Teck Siong Wong	Non-executive Director
Russell Clark	Non-executive Director
Wai Cheong Law	Alternate Director

Mr Clark was appointed to the Board, as a non-executive director on 11 February 2020.

## Company Secretaries

Mark Pitts  
Simon Borck

## Dividends

No amounts have been paid or declared by way of dividend by the Company during the half year or in the period to the date of this report.

## Principal activities

The principal activity of the Company and its subsidiaries during the course of the half year continued to be the exploration and evaluation of mining projects.

## Operating results

The net loss of the Group for the half year to 31 December 2019 was \$7,883,208 (Dec 2018: \$11,198,237).

During the period, net cash used in operating and investing activities totalled \$7,347,998 (Dec 2018: \$21,328,348). Net cash flow from financing activities was \$1,205,702 for the period (Dec 2018: \$24,528,144), this amount included \$1,208,149 (Dec 2018: \$422,000) in proceeds from exercised options.

## Review of operations

The Group continues to implement its strategy directed at building a tungsten business of scale, growing its resource inventory during the period to 37 million MTU's (metric tonne units) of WO<sub>3</sub> (tungsten trioxide) and a further 57,000 tonnes of Mo (molybdenum), 850,000 ounces of Au (gold) and 35 million ounces of Ag (silver). This very substantial increase in resource inventory follows an updated Mulgine Trench Mineral Resource estimate. Not only has there been a substantial increase in contained tungsten and molybdenum, but it also defined a maiden resource for other potential by-products of gold and silver.

The Mt Mulgine Project remains the highest priority development project for the Group, responsible for the majority of activity during the period with the advancement of its pre-feasibility study. These activities included the following:

- Progression of resource infill drilling;
- Completion of an updated Mineral Resource Estimate for the Mulgine Trench Deposit by independent resource consultants, Optiro;
- Development of project site water strategy;

# Directors' Report

## Review of operations (continued)

- Continuation of metallurgical test work program;
- Commencement of process engineering study for the design of the processing plant;
- Completion of power supply options study;
- Re-submission of revised NVCP application in support of the clearing envelope identified for the Mulgine Hill deposit.

During the period 40,271,617 fully paid shares in the Company were allotted on the exercise of \$0.03 unlisted options, raising \$1,208,149 before costs.

On 11 February 2020 Mr Russell Clark was appointed to the Board, as a non-executive director.

## Events subsequent to balance date

There have been no matters or circumstances that have arisen since 31 December 2019 that have significantly affected or may significantly affect:

- (a) the Group's operations in future years; or
- (b) the results of those operations in future years; or
- (c) the Group's state of affairs in future years.

## Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the Corporations Act 2001 is set out on page 17.

Signed in accordance with a resolution of the Directors.

# Condensed notes to the financial statements

## NOTE 1: BASIS OF PREPARATION OF THE HALF-YEARLY FINANCIAL REPORT

The consolidated financial report is a general purpose condensed financial report for the half-year ended 31 December 2019, which has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001 and this financial report was authorised for issue in accordance with a resolution of the directors on 5<sup>th</sup> March 2020.

It is recommended that the half-year consolidated financial statements be read in conjunction with the annual financial report for the year ended 30 June 2019 and considered with any public announcements made by Tungsten Mining NL during and subsequent to the half-year ended 31 December 2019 in accordance with continuous disclosure obligations of the *ASX Listing Rules*.

The half-year consolidated financial statements do not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full and understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial report.

The half-year consolidated financial statements have been prepared on the basis of accrual accounting and historical costs.

### *Changes in accounting standards*

The Group has considered the implications of new and amended Accounting Standards effective for annual reporting periods beginning on or after 1 July 2019 but determined that their application to the financial statements is either not relevant or not material.

## NOTE 2: SEGMENT REPORTING

The Group has based its operating segments on the internal reports that are reviewed and used by the executive management team in assessing performance and in determining the allocation of resources.

The Group currently does not have production and is only involved in exploration. As a consequence, activities in the operating segment are identified by management based on the manner in which resources are allocated, the nature of the resources provided and the identity of the manager and country of expenditure. Information is reviewed on a whole of entity basis.

Based on these criteria the Group has only one operating segment, being exploration, and the segment operations and results are reported internally based on the accounting policies as described in Note 1 on a whole of entity basis.

## NOTE 3: OTHER INCOME

### Processing Plant

In prior financial years, the Group acquired a dismantled mineral processing facility and relocated it from its location in the Pilbara to storage in a laydown area adjacent to the Golden Dragon gold processing plant operated by Minjar Gold for total consideration of \$795,347.

Also, during the previous financial year, the Group acquired two new x-ray ore sorters. Total consideration for the ore sorters and acquisition costs was \$1,658,050 with a remaining balance, not yet incurred.

This Processing Plant, the processing facility and ore sorters, are not currently being depreciated as neither are in use.

### Property leases

The above right-of-use assets and lease liabilities relate to certain property leases entered into during the prior year by the Group (refer Note 13).

The right-of-use asset is measured at the amount equal to the lease liability at the inception of the lease and then this cost is amortised over the life of the lease.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs,
- and restoration costs

Right-of-use assets are being depreciated over the lease term on a straight-line basis which is five years for both leases in place at 31 December 2019. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

### Property Leases

The above lease liabilities and right-of-use assets (refer Note 12) relate to certain property leases entered into during the prior year by the Group.

The lease liability valuation was calculated at lease inception from the total lease payment obligations being discounted using the Group's incremental borrowing rate. An incremental borrowing rate of 5.68% was based on a secured interest rate that would be apply if finance was sought for an amount and time period equivalent to the lease requirements of the Group. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period.

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF TUNGSTEN MINING NL

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Tungsten Mining NL, which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration for Tungsten Mining NL (the consolidated entity). The consolidated entity comprises both Tungsten Mining NL (the Company) and the entities it controlled during the half year.

#### *Directors' Responsibility for the Half-Year Financial Report*

The directors of Tungsten Mining NL are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2019 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Tungsten Mining NL, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of Tungsten Mining NL on 5 March 2020.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Tungsten Mining NL is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2019 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standards AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
