AN AUSTRALIAN BASED
RESOURCES COMPANY

About Tungsten Mining

Emerging Australian tungsten developer, Tungsten Mining NL is an Australian based resources company listed on the Australian Securities Exchange. The Company's prime focus is the exploration and development of tungsten projects in Australia.

Tungsten (chemical symbol W), occurs naturally on earth, not in its pure form but as a constituent of other minerals, only two of which support current commercial extraction and processing - wolframite ((Fe, Mn)WO₄) and scheelite (CaWO₄).

Tungsten has the highest melting point of all elements except carbon – around 3400°C giving it excellent high temperature mechanical properties and the lowest expansion coefficient of all metals. Tungsten is a metal of considerable strategic importance, essential to modern industrial development (across aerospace and defence, electronics, automotive, extractive and construction sectors) with uses in cemented carbides, high-speed steels and super alloys, tungsten mill products and chemicals.

Through exploration and acquisition, the Company has established a globally significant tungsten resource inventory in its portfolio of advanced mineral projects across Australia. This provides the platform for the Company to become a major player within the global primary tungsten market through the development of low-cost tungsten concentrate production.

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding how to vote on the Resolutions. The Directors recommend that Shareholders read this Explanatory Statement in full, together with the accompanying Notice.

FINANCIAL STATEMENTS

In accordance with the Constitution, the business of the Annual General Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2021 together with the Declaration of the Directors, the Directors' Report, the Remuneration Report and the Auditor's Report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.tungstenmining.com.

1. RESOLUTION 1 – REMUNERATION REPORT (NON-BINDING RESOLUTION)

1.1 General

The Corporations Act requires a resolution that the remuneration report be adopted be put to the shareholders at a listed company's annual general meeting. However, such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company. The Remuneration Report is part of the Directors' report contained in the annual financial report of the Company for the financial year ending 30 June 2021.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Annual General Meeting.

The Remuneration Report has been approved by Shareholders at every AGM of the Company including at the most recent AGM in 2020 when votes cast against the Remuneration Report considered were less than 25%.

1.2 Proxy voting restrictions

Shareholders appointing a proxy for this Resolution should note the following:

- (a) **If you appoint a member of the Key Management Personnel as your proxy** (other than the Chair) or a Closely Related Party of such a member, **you must** direct your proxy how to vote on this Resolution. Undirected proxies granted to these persons will not be voted and will not be counted in calculating the required majority if a poll is called on this Resolution.
- (b) **If you appoint the Chair as your proxy** (where he or she is also a member of the Key Management Personnel or a Closely Related Party of such a member), you **do not** need to direct your proxy how to vote on this Resolution. However, if you do not direct the Chair how to vote, you are acknowledging the Chair may exercise his or her discretion in exercising your proxy even though this Resolution is connected directly or indirectly with the remuneration of Key Management Personnel.
- (c) **If you appoint any other person as your proxy**, you **do not** need to direct your proxy how to vote on this Resolution, and you **do not** need to mark any further acknowledgement on the Proxy Form.

2. RESOLUTION 2 – RE-ELECTION OF GARY LYONS

Listing Rule 14.4 provides that, a director of an entity must not hold office (without re-election) past the third annual general meeting following the director's appointment or 3 years, whichever is longer.

A retiring director is eligible for re-election. The directors to retire at any annual general meeting must be those who have been longest in office since their last election but, as between persons who became directors on the same day, those to retire must (unless they otherwise agree among themselves) be determined by lot.

Gary Lyons was last re-elected as a director at the Company's 2018 annual general meeting. Accordingly, Mr Lyons retires and seeks re-election in accordance with Listing Rule 14.4 and clause 7.3 of the Constitution. Details regarding Gary Lyons are set out in the 2021 Annual Report.

The Directors, other than Gary Lyons, recommend that Shareholders vote in favour of Resolution 2.

3. RESOLUTION 3 – RE-ELECTION OF TAN SRI DATO TIEN SENG LAW

Listing Rule 14.4 provides that, a director of an entity must not hold office (without re-election) past the third annual general meeting following the director's appointment or 3 years, whichever is longer.

A retiring director is eligible for re-election. The directors to retire at any annual general meeting must be those who have been longest in office since their last election but, as between persons who became directors on the same day, those to retire must (unless they otherwise agree among themselves) be determined by lot.

Tan Sri Dato Tien Seng Law was last re-elected as a director at the Company's 2018 annual general meeting. Accordingly, Mr Law retires and seeks re-election in accordance with Listing Rule 14.4 and clause 7.3 of the Constitution. Details regarding, Tan Sri Dato Tien Seng Law are set out in the 2021 Annual Report.

The Directors, other than Tan Sri Dato Tien Seng Law, recommend that Shareholders vote in favour of Resolution 3.

4. RESOLUTION 4 – APPROVAL FOR ADDITIONAL PLACEMENT CAPACITY

4.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval to allow it to issue Equity Securities up to 10% of its issued capital over a period up to 12 months after the entity's annual general meeting (**10% Placement Capacity**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes as it is not included in the S&P/ASX 300 Index and has a market capitalisation as at 4 October 2021 of \$106,165,927.

Resolution 4 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Shareholders approve Resolution 4, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2.

The effect of Resolution 4 will be to allow the Directors to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

Resolution 4 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders eligible to vote at the Meeting must be in favour of Resolution 4 for it to be passed.

4.2 ASX Listing Rule 7.1A

Listing Rule 7.1A enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

The Equity Securities must be in the same class as an existing class of quoted Equity Securities. The Company currently has only one class of quoted Equity Securities on issue, being the Shares (ASX Code: TGN).

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

A = the number of fully paid ordinary securities on issue at the commencement of the relevant period:

- plus the number of fully paid ordinary securities issued in the relevant period under an exception in Listing Rule 7.2 other than exception 9, 16, or 17;
- plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within Listing Rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;

- plus the number of fully paid ordinary securities issued in the relevant period with approval under Listing Rule 7.1 or Listing Rule 7.4;
- plus the number of partly paid ordinary securities that became fully paid in the relevant period;
- less the number of fully paid ordinary securities cancelled in the relevant period;

D = 10%;

E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by Shareholders under Listing Rule 7.4.

4.3 Technical information required by ASX Listing Rule 7.1A

In accordance with Listing Rule 7.3A, the information below is provided in relation to this Resolution 4:

(a) **Minimum Price**

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 10 ASX trading days of the date in paragraph 0(a)(i), the date on which the Equity Securities are issued.

(b) **Date of Issue**

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Annual General Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of the Annual General Meeting;
- (ii) the time and date of the next Annual General Meeting; and
- (iii) the date of approval by Shareholders of any transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the current market price of Shares and the current number of Equity Securities on issue as at 4 October 2021.

The table also shows the voting dilution impact where the number of Shares on issue changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (variable "A" in Listing Rule 7.1A.2)	Dilution			
	Dilution based on number of Shares issued (being 10% of the number of Shares at the time of issue)	Funds raised based on issue price of \$0.0675 (50% decrease in current issue price)	Funds raised based on issue price of \$0.135 (Current issue price)	Funds raised based on issue price of \$0.270 (100% increase in current issue price)
786,414,272 (Current)	78,641,427	\$5,308,296	\$10,616,593	\$21,233,185
1,179,621,408 (50% increase) *	117,962,141	\$7,962,445	\$15,924,889	\$31,849,778
1,572,828,544 (100% increase) *	157,282,854	\$10,616,593	\$21,233,185	\$42,466,371

*The number of Shares on issue could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with or without Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. The current shares on issue are the Shares on issue as at 4 October 2021.
2. The issue price set out above is the closing price of the Shares on the ASX on 4 October 2021.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
5. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Annual General Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) Purpose of Issue under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity to raise funds:

- (i) to progress the Company's Mt Mulgine Project and/or its other projects; and
- (ii) for general working capital.

(e) **Allocation under the 10% Placement Capacity**

The allottees of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the Company's circumstances, including, but not limited to, its financial position and solvency;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is possible that the allottees under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous Approval under ASX Listing Rule 7.1A**

The Company obtained approval under ASX Listing Rule 7.1A at its previous annual general meeting on 27 November 2020.

Since the previous annual general meeting on 27 November 2020 no securities have been issued pursuant to Listing Rule 7.1A.

(g) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it will give to ASX:

- (i) a list of the allottees of the Equity Securities and the number of Equity Securities allotted to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
- (ii) the information required by Listing Rule 3.10.5A for release to the market.

5. QUESTIONS AND COMMENTS

In accordance with the Corporations Act at the Annual General Meeting the Chair will provide an opportunity for Shareholders to ask questions and make comments in relation to the management of the Company.

Otherwise if you leave this box blank, the Chair of the Meeting will be appointed as your proxy by default.

DEFAULT TO THE CHAIR OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chair of the Meeting, who is required to vote these proxies as directed. Any undirected proxies that default to the Chair of the Meeting will be voted according to the instructions set out in this Proxy Voting Form, including where the Resolutions are connected directly or indirectly with the remuneration of Key Management Personnel.

STEP 2 - VOTES ON ITEMS OF BUSINESS

You may direct your proxy how to vote by marking one of the boxes opposite each item of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the items of business, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

APPOINTMENT OF SECOND PROXY

You may appoint up to two proxies. If you appoint two proxies, you should complete two separate Proxy Voting Forms and specify the percentage or number each proxy may exercise. If you do not specify a percentage or number, each proxy may exercise half the votes. You must return both Proxy Voting Forms together. If you require an additional Proxy Voting Form, contact Automic Registry Services.
