- The Chief Executive Officer and the Company Secretary are responsible for ensuring the policy is brought to the attention of all affected persons and for monitoring compliance with the policy.

## Gender Diversity

- 1.12 The Board is reviewing its practices with a focus on ensuring the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant. The Company at this stage has not yet established measurable objectives with only 3 employees outside of the Board.

### *Women Employees, Executives and Board Members*

The Company and its consolidated entities have 1 female and 2 male employees. There are currently no female members of the Board of the Company. The Group is not a "relevant employer" under the Workplace Gender Equality Act, because the Group had less than 80 employees in Australia for more than 6 months of the year ending 30 June 2022.

## **Performance Evaluation**

- 1.13 The Chairperson shall review the performance of each Director and each Board committee at least once every calendar year and the Chief Executive Officer shall review the performance of executive management at least once every calendar year with reference to the terms of their employment contract.

A performance review of the Board has not been formally completed during the year.

## **Principle 2 - Structure the Board to add value**

### **Composition of the Board**

- 1.14 The Board should be of a size and composition that is conducive to making appropriate decisions. The Board should be large enough to incorporate a variety of perspectives and skills, and to represent the best interests of the Company as a whole rather than of individual security holders or interest groups. It should not, however, be so large that effective decision-making is hindered. The current Constitution of the Company restricts the number of directors to 10 in the absence of shareholder approval.

- 1.15 The Board has conducted an informal review of its composition, the broad skill sets currently on the Company's Board include technical, financial, legal, managerial, corporate, and commercial.

At this stage of the Company's development the Board believes that there is an appropriate mix of skills, experience, expertise and diversity on the Board. In the coming years as the Company assesses development options additional expertise may be required and at that time further consideration will be given to ensuring the Board has an appropriate mix of skills and diversity.

### **Procedure for selection of new directors**

- 1.16 The Company believes it is not of a size to justify having a Nomination Committee. If any vacancies arise on the Board, all directors are involved in the search and recruitment of a replacement. The Board believes corporate performance is enhanced when the Board has an appropriate mix of skills, experience, expertise and diversity.

### **Independent Directors**

- 1.17 The Company will regularly review whether each non-executive director is independent and each non-executive director should provide to the Board all information that may be relevant to this assessment.

The Company discloses the following information:

- 1.17.1 although each of the directors on the Board are non-executive, only Mr Chew Wai Chuen and Mr Russell Clark are considered to be independent. Mr Gary Lyons, Mr Tan Sri Dato Tien Seng Law, Mr Teck Siong Wong and Mr Kong Leng (Jimmy) Lee are Directors of Company's 3<sup>rd</sup> largest shareholder GWR Group Limited and therefore are not considered to be independent;

- 1.17.2 if a director has an interest, position, association or relationship of the type that might cause doubts about the independence of the director but the Board is of the opinion that it does not compromise the independence of the

director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and

1.17.3 the length of service of each director is set out in the Directors Report in the Company's Annual Report.

1.18 The Company will endeavour to ensure that the majority of its directors are independent at all times, subject to the right of security holders in general meeting to elect and remove directors.

### **Independent decision- making**

1.19 All directors – whether independent or not - should bring an independent judgement to bear on Board decisions. Directors are encouraged to confer regularly without management present. Their discussions are to be facilitated by the Chairperson. Non-executive directors should inform the Chairperson before accepting any new appointments as directors.

### **Independent advice**

1.20 To facilitate independent decision making, the Board and any committees it convenes from time to time may seek advice from independent experts whenever it is considered appropriate. With the consent of the Chairperson, individual directors may seek independent professional advice, at the expense of the Company, on any matter connected with the discharge of their responsibilities.

### **Chairperson**

1.21 The Company has a non-executive Chairperson, however that person is not an independent director. The roles of Chairperson and Chief Executive Officer are separate.

### **Induction and education**

1.22 The Company does not have a formal induction process, however, new Directors appointed to the Board are provided with written material incorporating Financial, Corporate and Operating information in relation to the Company. In addition they are provided with a detailed appointment letter outlining the Company's expectations and setting out the requirements of the role as well identifying director interests and potential conflicts.

1.23 Directors have reasonable access to continuing education to update and enhance their skills and knowledge, including education concerning key developments in the Company and the relevant industry sector.

### **Access to information**

1.24 The Board has the right to obtain all information from within the Company which it needs to effectively discharge its responsibilities.

1.25 The Chief Executive Officer is required, on request from the Board, to supply the Board with information in a form and timeframe, and of a quality that enables the Board to discharge its duties effectively. Directors are entitled to request additional information where they consider such information necessary to make informed decisions. Directors to fulfil their roles are entitled to meet with senior management and executives provided prior notice is given to the Chairperson or the Chief Executive Officer.

## **Principle 3: Act Lawfully, ethically and responsibly**

- 1.34 The Board has adopted an Audit and Risk Management Committee Charter. However the Board has not formed a separate Audit and Risk Management Committee and the full Board acts in this capacity.

- 1.35.1 review the integrity of the Company's financial reporting;
  - 1.35.2 identify and manage risks including business, economic, environmental and social sustainability risks;

- 1.36.1 that in their opinion the Company's financial reports have been properly maintained and contain a true and fair view, in all material respects, of the financial condition and operating performance of the Company and comply with relevant accounting standards; and
  - 1.36.2 that the opinion is founded on a sound system of risk management and that the system is operating effectively in all material respects in relation to financial reporting risks.

#### **Process of Verification of periodic corporate reporting**

- 1.37 The Company shall ensure that periodic corporate reports that are not subject to audit or review by the Company's auditors (which include, but not limited to, quarterly activities and cash flow reports, directors reports and any information included in the Company's annual report other than the audited financial statements) are compiled and verified by executive management before being reviewed by the Board before release to the market.

### **Principle 5: Make timely and balanced disclosure**

#### **Disclosure Policy**

- 1.38 The Board has adopted a Disclosure Policy for ensuring timely and accurate disclosure of price-sensitive information to security holders through the ASX.
- 1.39 The Disclosure Policy ensures that:
- 1.39.1 all investors have equal and timely access to material information concerning the Company including its financial position, performance, ownership and governance; and
  - 1.39.2 Company announcements are subjected to a vetting and authorisation process designed to ensure they:
    - (a) are released in a timely manner;
    - (b) are factual and balanced;
    - (c) do not omit material information; and
    - (d) are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.

## **Board Review**

- 1.41 The Company ensures that any substantive investor or analyst presentation materials are released as a market announcement ahead of the presentation being given.

### **General Meetings**

- 1.45 The Company is committed to improving shareholder participation in general meetings. In order to achieve that objective, the Company has adopted guidelines of the ASX Corporate Governance Council for improving shareholder participation through the design and content of notices and through the conduct of the meeting itself.

## **Principle 7: Recognise and manage risk**

### **Establishment and Review of Policies**

- 1.46 The Board has not established a separate committee to oversee risk but as a whole is ultimately responsible for establishing and reviewing the Company's policies on risk profile, oversight and management and satisfying itself that management has developed and implemented a sound system of risk management and internal control.
- 1.47 The Board believes it is not of a size to justify having an internal audit function for efficiency purposes.
- 1.48 Risk management policies and procedures shall be adopted to identify, assess and minimise material risks affecting the Company including the following categories:
- 1.48.1 operational;
  - 1.48.2 environmental;
  - 1.48.3 sustainability;
  - 1.48.4 compliance;
  - 1.48.5 strategic;
  - 1.48.6 ethical conduct;
  - 1.48.7 reputation or brand;
  - 1.48.8 technological;
  - 1.48.9 human capital;
  - 1.48.10 financial reporting; and
  - 1.48.11 market-related risks.
- 1.49 The risk management policies and procedures ensure that where the Company has a material exposure to economic, environmental and social sustainability risks it has a policy to manage those risks.

### **Management Responsibility**

- 1.50 The Company's risk management program is implemented by senior management under the direction of the Chief Executive Officer as follows:
- 1.50.1 ensuring that matters affecting the goals, objectives and performance of the Company and the safety of its stakeholders are identified and assessed by an operational risk management framework in accordance with industry accepted standards;
  - 1.50.2 obtaining and regularly reviewing insurance for the Company relevant to managing material risks;
  - 1.50.3 implementing and maintaining internal control systems which will be identified in conjunction with the external auditors;

- 1.51 the Chief Executive Officer shall report to the Board at least twice every financial year as to the effectiveness of the Company's management of its material risks.

- 1.52 The Chief Executive Officer is required regularly (quarterly, half yearly and annually) to state in writing to the Board that the Company has a sound system of risk management, that internal compliance and control systems are in place to ensure the implementation of Board policies, and that those systems are operating efficiently and effectively in all material respects.

### **Economic, Environmental and Social Sustainability Risks**

- 1.53 The Company is focused on the discovery and exploitation of mineral deposits and operates in diverse physical environments primarily in Australia. As a result, there is some potential for material exposure to economic, environmental and social sustainability risks.
- 1.54 The Company is very aware of the potential for risk in this area and is committed to ensuring that sound environmental management and safety practices are carried out in its exploration activities. The Company's activities are conducted in a manner that minimises its environmental "footprint" as much as possible, and are conducted strictly in accordance with all necessary permits and approvals from regulators.
- The Company's underlying goals relating to environmental sustainability are to minimise any adverse impacts upon the environment resulting from the Company's activities.

### **Review by the Board**

- 1.55 The Company does not have a separate Internal Audit Function as the Board does not believe it is of sufficient size. The Board, therefore, must review the effectiveness of implementation of the risk management system at least annually.
- 1.56 When reviewing risk management policies the Board takes into account the Company's legal obligations and should also consider the reasonable expectations of the Company's stakeholders, including security holders, employees, customers, suppliers, creditors, consumers and the community.

## **Principle 8: Remunerate fairly and responsibly**

### **Remuneration Committee**

- 1.58.1 motivating directors and senior management to pursue the long-term growth and success of the Company; and
  - 1.58.2 demonstrating a clear relationship between directors' and senior management's performance and remuneration.
- 1.59 The Board's responsibility is to set the level and structure of remuneration for directors and senior management, for the purpose of balancing the Company's competing interests of:
- 1.59.1 attracting and retaining executive directors and senior management; and
  - 1.59.2 not paying excessive remuneration.
- 1.60 Directors' remuneration should be structured to reflect short and long-term performance objectives appropriate to the Company's circumstances and goals.

- 1.61 Senior management's remuneration packages should involve a balance between fixed and incentive pay, reflecting short and long-term performance objectives appropriate to the Company's circumstances and goals.
- 1.62 Non-executive directors' remuneration is formulated with regard to the following guidelines:
- 1.62.1 non-executive directors are remunerated by way of fees, in the form of cash fees, superannuation contributions and non-cash benefit in lieu of fees (such as salary sacrifice into superannuation or equity);
  - 1.62.2 the level of a non-executive director's fixed remuneration should reflect the time commitment and responsibilities of the role;
  - 1.62.3 non-executive directors should not generally receive performance based remuneration as it may lead to bias in their decision making, and compromise their objective;
  - 1.62.4 non-executive directors are able to participate in schemes designed for the remuneration of executives (such as Performance Rights) if the Board believe that the participation is in the interests of security holders; and
  - 1.62.5 non-executive directors should not be provided with retirement benefits other than superannuation.
- 1.63 If the Company offers any equity based remuneration scheme participants will not be permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme unless specifically approved by the Board.
- 1.64 No director may be involved in setting their own remuneration or terms and conditions and in such a case relevant directors are required to be absent from the full Board discussion.
- 1.65 Shareholder approval will be sought in the event that it is required pursuant to the ASX Listing Rules or the Company's Constitution for any aspect of director or senior executive remuneration.
